### A Good Pinno.

Frank Leslie's Illustrated Newspaper says:

A good plano at a fair price is one of the wants of the times. An instrument that is durable, that is substantially made, and has all those qualities of tone which make a first-class plano can be had from the Mendelssohn Plano Co., New York, from \$150 to \$400. For over thirty-eight years, their factory has been producing planos, and adopting every new invention which has proved itself to be valuable. They can be compared by an expert, with instruments of the highest name and fancy price, and the result is surprising. The plano is warranted for five years, and no purchaser has ever made a complaint. From personal knowledge and critical examination, we can recommend any one to send for a catalogue to the above mentioned manufacturers. Frank Leslie's Illustrated Newspaper

Musical.

Good Night, Gentle-folks, is the title of a new quartette, by Will L. Thompson, author of the famous quartette "Come Where the Lilies Bloom." Concert and Ministrei troupes pronounce it the most beautiful piece of music ever put on their programmes. It never fails to receives a hearty encore. The demand is such that it is scarcely possible to keep it in print. Music dealers write that they never knew a quartette to sell as fast. We advise lovers of music to send the prices, 50 cents, to the publishers, and receive a copy by return mail. Published by

The history of the late war has yet to be written, as events crowed so rapidly the actions of the leaders on both sides are but just now being brought to light, and the truth of history yindicated after strife and clamor of factious quarrels have passed away. The book by the late General J. B. Hood, which is advertised in another column, gives much light on the inner life of secession, as seen by an actual participant.
